**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

After years with Att and Comcast, and very disappointing service, I switched to Sonic several years ago and have been very happy with their service. I would very much like to support Sonics petition to keep at least a semblance of competition in the telecommunication arena. The fact that Att is trying to stifle competition is so egregious. I had their service since the 1970's ,80's and 90's and after being overcharged and underserved and begging them just to do what they advertised I changed carriers years ago. As a government agency (which I support through my taxes) I'm asking you to allow Sonic to provide reasonable competition in this area. Truth be told in my opinion, Att should be broken up and more competition should be allowed. As you probably already realize, these major ISP's are milking the public through overcharging, and their lobbyist are in the process of corrupting Washington. Please let competition exist.
